Consumer Notes:

First, we'd like to welcome a new vendor to our growing family: Tai Seng Video! For now, we'll be carrying a limited number of titles until we determine the proper levels, but we do expect to carry most (if not all) of their Hong Kong Action line in the future. Welcome aboard! Several big things this month: Slayers TV and a new Arislan being the two most significant. Shipping this month is Pioneer's release of the 1991 Jungle Emperor series, marketed under the name of "New Adventures of Kimba" ... this is NOT the 1960's series but one dealing with similar characters from the same company. Also, don't miss those Darkstalkers Chromacels ... we're sure they'll sell very well indeed. The Bubblegum Crisis tapes listed here are repackaged versions of the original series, combined more episodes per tape at a lower price. This series is also now available on DVD! Finally, if you enjoy adult product, the long awaited fourth volume of Angel of Darkness and fifth volume of New Angel ship this month ... grab yours today!

JEFF'S PICK(S) OF THE MONTH

Finally coming this month is a new installment of Heroic Adventures of Arislan - we've received huge amounts of requests for this! Also significant (even though I haven't seen this volume yet) is the fourth (and currently last) volume of the Angel of Darkness series. These tapes are usually pretty nasty, so if this is anything like the other volumes you can be assured that the newest installment will sell very well. Finally -- our newest product catalog should be available later this month. Look for one in your mailbox!
